

ALL-INCLUSIVE JOURNEY TO ALASKA CRUISE FROM VANCOUVER TO DENALI

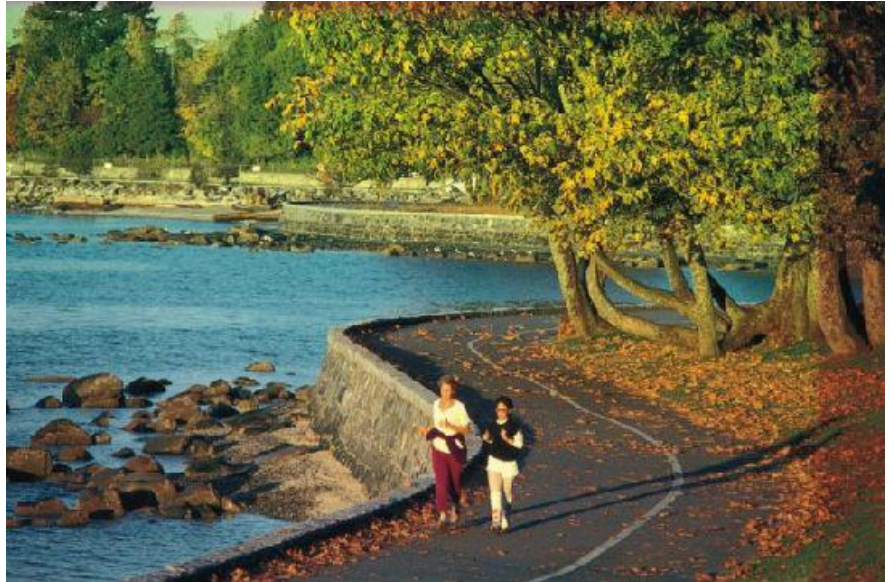

This journey is dedicated to those who don't want to miss anything of the wonderful West Coast of North America between Canada, Vancouver and the best of Alaska without spending a fortune, but with the great occasion of all inclusive – also the flight from Italy – with the motto “I'm going on a journey, I'll have fun and think about nothing else!”. Leave with Le Reve House Adventure, the most prestigious and reliable journeys of West America!

ITINERARY

DAY 1: ARRIVAL IN VANCOUVER

Welcome to Canada! Arrival in Vancouver and welcome by our representative who will accompany you to your 2/3 star Hotel or B&B.

DAY 2: GUIDED TOUR OF VANCOUVER. THE FIRST DAY OF CRUISE.

The second day is devoted to visiting Vancouver, a beautiful city on the West Coast. You will spend this day visiting major attractions such as Stanley Park. The Lions Bridge will bring you to the North Shore. From here we head towards the Grouse Mountain where you are going to visit the Capilano Suspension Bridge, the famous suspension bridge of the canyon of Capilano River. The same road will bring us to visit the Salmon Hatchery. In the afternoon, you will embark on your cruise ship. First day of cruising. We will sail from Vancouver and enter the scenic Inside Passage waterway which is full of natural wonders. Vancouver and its costs will appear in all their beauty.

DAY 3: INSIDE PASSAGE; THE SECOND DAY OF CRUISE.

Relax and enjoy the day on scenic Inside Passage cruise, immerse yourself in the elegance of Holland America Line. The legendary Inside Passage is one of the most beautiful waterways in the world and one of the few ones where big cruise ships can navigate close to the steep slopes of mountains. The scenery is incredible: forests in a hundred shades of green, impressive

turquoise glaciers, fascinating cities full of history, culture and adventure. For the most part of Southeast Alaska, accessible only by boat or plane, the Inside Passage is a lifeline to the outside world.

DAY 4: KETCHIKAN: MISTY FJORDS ON REQUEST — THE THIRD DAY OF CRUISE

This port is famous for its rich native culture, salmon fishing and spectacular Misty Fjords. Ketchikan, which is built over the water and “climbs” up like a stairway, clings to the shores of Tongass Narrows. In addition to major attractions — Creek Street, the Tongass historical Museum, Totem Bight State Park and Saxman Village, a breathtaking trip to Misty Fjords is not to be missed.

These deep-water fjords, formed by "reduced" glaciers are edged by granite rocks which tower up for hundreds of feet above the sea. The countless waterfalls on these rocks offer unforgettable performances.

DAY 5: JUNEAU-OTHER EXCURSIONS UPON REQUEST - THE FOURTH DAY OF CRUISE

Enjoy full day of exploring the capital of Alaska. You can choose from many exciting shore excursions or have some time for shopping. Located at the foot of a mountain, on Gastineau channel, the town of Juneau is at walking distance from the massive Mendenhall glacier and the impressive Juneau Icefields. Juneau is the place which gives full freedom to your imagination.

Explore the lush Tongass National forest. Visit rustic shops of the town. You can also paddle in a kayak, run on sled dogs, go rafting over pristine rivers or hiking in the forests that surround them, have a whale watching excursion, enjoy a splendid, scenic flight. The days are very long and adventure has no limits.

DAY 6: SKAGWAY QUINTO - THE FIFTH DAY OF CRUISE

Go back in time, to the glorious days of the gold rush and then go shopping. You can travel on the same narrow railway used by miners that runs between high cliffs to get an idea of how it must have been like at the times of gold rush. You can visit every small store, appropriately named, such as "Trail Bench" or "Lynch & Kennedy's Dry Goods". The "Red Onion Saloon", with its "honky tonk" pianist and its waitresses dressed in costumes, is a veritable

museum of memorabilia, with portraits of the period's characters. To complete the picture of those roaring days, visit the nostalgic museum "Trail of '98". The restored buildings and wooden walkways of Klondike Gold Rush National Historical Park invite you to take a walk into the past.

DAY 7: GLACIER BAY, THE SIXTH DAY OF CRUISE

Enjoy this beautiful 8-hour cruise along ice fjords of this national treasure, following to the explanations of a Park Service Ranger. As a world heritage site, the Glacier Bay National Park protects a unique ecosystem of plants and animals that live in concert with an ever-changing glacial landscape. How does it feel when a chunk of ice breaks off a glacier and crashes into the sea?

The noise is as of thunder. The impact throws water for hundreds of metres into the air. It takes your breath away as you catch the moment on the film. And then everything is expected to repeat.

And it does, regularly. At Glacier Bay there are more "tide water" glaciers active in "calving" than in any other place in the world.

DAY 8: COLLEGE FJORD, THE SEVENTH DAY OF CRUISE

Only one place in Alaska is surrounded by ice rivers from 3 sides. Imagine sailing through one glacier after another – an awesome assemblage of glacial wonders. Wait here for an in-depth lesson on the power of nature. Harriman

expedition which discovered the College Fjord in 1899 was funded by Ivy League College. All the glaciers of College Fjord were named in honor of various schools. The glaciers on the left are named after the female college and those on the right are named after the male college.

DAY 9: FROM SEWARD TO DENALI VIA ANCHORAGE

Disembarkation in Seward at 7.00 and free morning to visit the town.

Take the Bus Coach that will take you to Anchorage. This town, beautifully situated in Cook Bay and surrounded by the Chugach Mountains, is an activity centre with restaurants, museums and art galleries. Proceed from here to the Denali National Park admiring beautiful landscapes along the way. Overnight stay at a lodge in the park.

DAY 10: DENALI NATIONAL PARK

Today you start off for a guided tour of the Park. Denali is a park of international importance.

It features the highest mountain in North America, Mount McKinley. It is the largest protected natural ecosystem around the world. You will observe moose, caribou, bears, bighorns and get fascinated by the massive glaciers. You will land on a glacier to admire moraine, waterfalls

and ice bridges. You'll surely see Ptarmigan in the open valleys, the symbol of Alaska. You'll see eagles patrolling at the highest altitudes. And you will hear crows, magpies, gray jays. With a bit of luck, you'll see a grizzly crossing the streams, sheep jumping between the steep rocks and moose grazing in the meadows. Upon return, there will be time available to walk in the Park. Dinner at your lodge.

DAY 11: COMING BACK

Scenic train ride from Denali to Anchorage and transfer to the airport for return flight.
